

High quality, Quick delivery

Titanium Case

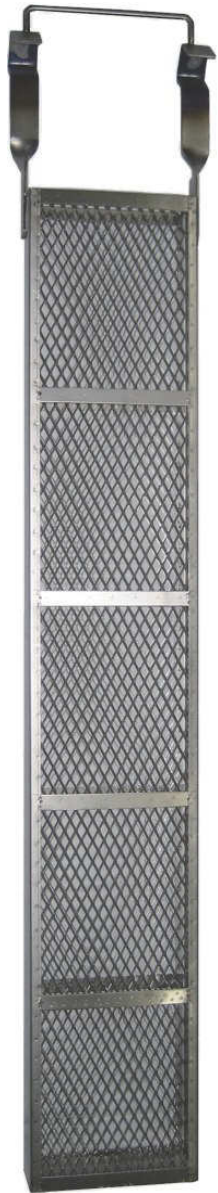

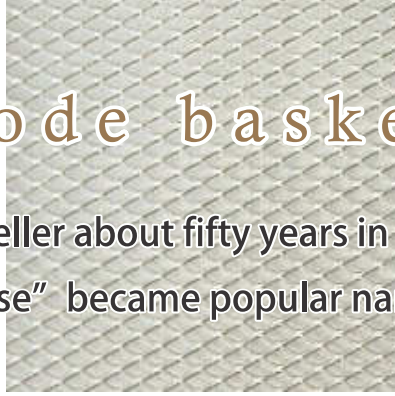

Anode basket for surface finishing

Copper plating • Nickel plating • Galvanize plating • Tin plating • Solder plating etc.

the 1st anode basket in Japan

Standard long-time seller about fifty years in the plating industry.

Today, name of "titanium case" became popular name instead of anode basket.

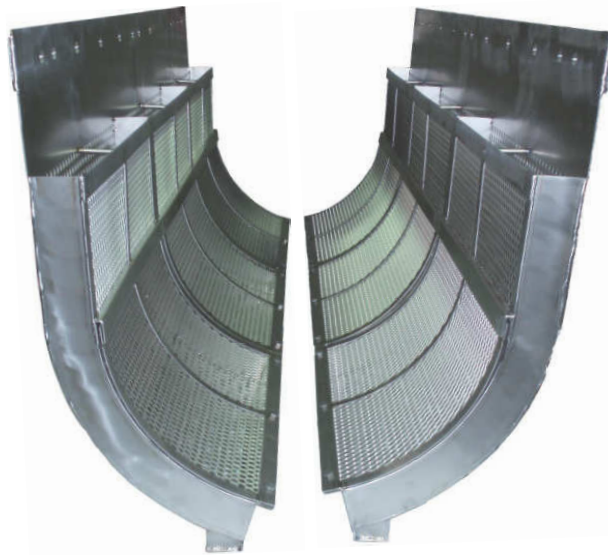

■ Custom-made/quick delivery

SPF correspond to any shape and material※ according to customer specification. Any request like type of small, thin, long, round, copper for high current and with titanium clad energization belt are available. SPF has great production system and can correspond quick delivery.

(※Material : Titanium, Zirconium, Niobium etc.)

■ Combine with submerged bus bar

Titanium case for submerged bus bar has feed part at back side. (below right picture) This must contributes for manufacturing efficiency because work for anode charge will be much easier.

Large round basket for gravure printing cylinder

Designed for submerged bus bar
※Discharging hook is located at back side

■ Expanded metal

mark	length(SW)	width(LW)	thickness(T)	pitch(W)
1001	1.2mm	3mm	~ 0.5mm	More than the thickness
1002	3.2	6	~ 1.0	
1003	3.6	8	"	
1005	6.36	12.7	~ 1.5	
S115	10.5	21	"	
115	16	32	"
